

LEMACCHIOLE

MESSORIO

First produced in 1994, Messorio started as a personal challenge with one of the most planted varieties not only in Bolgheri, but across the Tuscan coast and throughout the world: Merlot. From the start, the idea was to take the best bunches and transform them into an impactful wine with a big personality, staying as far away as possible from the more soft, predictable style that is often associated with Merlot and instead making a thoroughbred eager to win the race. The name "Messorio" refers to the wheat harvest, one of the most fundamental parts of the agricultural cycle

HARVEST REPORTS

The spring season was marked by excellent weather conditions, allowing for the plants' perfect vegeto-productive balance. The veraison process set in about ten days ahead of usual schedule (between late July and early August). Summer got off to a good start, but then temperatures soared into a scorching heatwave from mid-August through mid-September, bringing ripening and harvesting ten days ahead of normal.
